AEROPRESS

- BREWING INSTRUCTIONS -

- 1** Boil 225g of fresh filtered water and let it stand while you grind your beans.
- 2** Use 22g of coffee: fine grind.
- 3** Load filter, place Aeropress on top of the cup, pre-wet filter then add the coffee grounds.
- 4** Start the timer, soak the grounds just until saturated. Wait 30 seconds. Add the remaining water.
- 5** Stir at 1 minute and 1½ minutes.
- 6** Place plunger on top of the Aeropress. Carefully press for 30 seconds.
- 7** Remove Aeropress, compost the filter, swirl and enjoy!
