CHEMEX

- BREWING INSTRUCTIONS -

- 1** Boil 680g of fresh, filtered water and let it stand while you grind your beans.
- 2** Use 48g of coffee: medium-coarse grind.
- 3** Place filter in Chemex and rinse thoroughly with hot water.
- 4** Dump rinse water and add grounds to the filter.
- 5** Start the timer. Soak grounds just until saturated. Wait 30 seconds.
- 6** Begin a steady and consistent pour. Entire length of pour and extraction is 4-5 minutes.
- 7** Remove filter, swirl and enjoy!
